

Nervous Women

For nervous, tired women, we recommend Cardui. Cardui is a woman's medicine. It acts specifically on the female organs and has a tonic, building effect on the whole system. It contains no harmful ingredients, being a pure vegetable extract. If you suffer from some form of female trouble, get Cardui at once and give it a fair trial.

TAKE CARDUI

It Will Help You

Mrs. W. W. Gardner, of Paducah, Ky., tried Cardui and writes: "I think Cardui is just grand. I have been using it for eleven years. I am 48 years old and feel like a different woman, since I have been taking it. I used to suffer from bearing down ains, nervousness and sleeplessness, but now the pains are all gone and I sleep good. I highly recommend Cardui for young and old." Try it.

The Place That's Different

NORFOLK, VA.

Turned Out as Predicted.

Mr. M. C. Thomas, who lives just across the line in New Salem township, certainly has the right idea of farming. He steadfastly holds to the truth as he sees it, that there is more money in growing grain and food stuff than in raising cotton. He drives his argument home by telling of a real farmer who moved into a cotton growing neighborhood and when planting time came paid no attention whatever to his neighbors' methods of farming, and when asked what he was going to do for a money crop, replied "You fellows will sell your cotton next fall and get the money for it, but when spring comes you'll have to buy corn, flour, peas, etc., to make another crop and then I'll get your cash." And it turned out just that way.—Our Home.

A colored man with rheumatism in his arm was advised to try a quart of whiskey. He took the whiskey, and the next day was asked how he felt. "The rheumatism has done left my arm and gone to my head," he replied.—Kansas City Star.

Hard to attend to household duties with a constantly aching back. A woman should not have a bad back.
And she wouldn't if the kidneys were well.
Doan's Kidney Pills make well kidneys.
Scotland Neck women should profit by the following experience.
Mrs. J. W. Wallace, 1130 Albemarle street, Tarboro, N. C., says: "Doan's Kidney Pills benefited me greatly, and I am therefore pleased to recommend them. I suffered constantly from dull, nagging backaches and distressing pains across my loins. I was very restless at night and arose in the morning tired and languid. I had but little strength or energy and could hardly attend to my housework. If I stooped or attempted to lift, sharp, darting pains caught me in my back. My kidneys were weak and considerable annoyance. I finally read about Doan's Kidney Pills, and procuring a box, I began their use. They removed my backache and regulated the passages of the kidney secretions. I now feel better in every way."

How "Shaking Hands" Originated.

Shaking hands is a relic of barbarism, anyhow. It became the custom in the days when everyone carried a dagger in his belt and when one friend meeting another thought it necessary to attest the peacefulness of his intentions by extending an open palm. Then the other man could do no less than make a similarly reassuring demonstration and the grasp of these two extended hands naturally followed. Subsequently, by a logical process of evolution the handshake grew to be the conventional form of greeting and the refusal of a proffered hand was regarded as one of those insults whose dishonor can only be wiped out with blood. Now the custom is too firmly and widely established for its abandonment to be conceivable, and yet there are various things about it which render it unsatisfactory.—Philadelphia Inquirer.
